

# Giving Thanks Canned Food Drive

The holiday season is in full swing, and we are grateful that we have food to nourish us, shelter to keep us safe, and clothing to keep us warm. There are, however, those in our community that aren't as fortunate as most of us. Food is harder to come by, and skipped meals are something that happens everyday for them. Here's how we can all help...

From November 28-30, 2016

Have your child bring their canned good donations to school and drop it in the box at their homeroom class.

On November 30, all canned goods from grades K-4 will be collected from the classrooms, and divided equally amongst the fifth and sixth grade classes. The fifth and sixth grade classes will be competing in our "Can-struction" Project.

Grade 5 and 6 classes will be using donations from their own classes in the building of their structure. Competition will run from 12:45 - 1:15 on Nov. 30 in the covered court. Independent judges will be on hand to decide the best "can-struction".

The winning class will be awarded a Pizza Party.

Please reach into your hearts and help by donating at least one canned good item. You will be helping to provide food for those who need the extra help.

All canned good items will be donated to the Food Basket.

For more information, please contact Cecily Nago, PCNC at 974-4855.
